Deshabilitamos paquetes que no usemos

Dependiendo de nuestras necesidades deshabilitaremos o habilitaremos algunos de los paquetes /System/Packages

The screenshot shows a window titled "Package List" with a toolbar containing buttons for "Check For Updates", "Enable", "Disable", "Uninstall", "Unschedule", "Downgrade", "Check Installation", and a "Find" search box. The table below lists 11 packages with columns for Name, Version, Build Time, and Scheduled. The "Name" column includes a checkbox on the left. The status of each package is indicated by the presence of an 'X' in the checkbox column.
